

Dear Mr. Gilpin

I write you a line today how much I appreciate the lovely photograph you made of Brenda Putnam's plaque, which she has just sent me - I think her composition is splendid and most successful, and I am sending the picture to my School, where I know they will like to have it.

I should like to see you again some day but I am afraid this is hardly likely since I do not travel any more - I wish that you stamped the picture from Santa Fe, so I am addressing this to you there, hoping it will reach you with my cordial remembrances and greetings

Faithfully yours
Harold Bauer
