Mr. Jerry Eyewaters
Dallas Museum of Fine Arts
Dallas, Texas

Dear Jerry:

I got home just a few hours ahead of the storm and our streets have been a mass of ice ever since. I have been thinking a great deal about my Dallas trip and the pleasure of making new friends and how good all of you were to me, and I can't thank you enough. I hope the exhibition is being liked and that you are getting a goodly number of visitors.

In thinking over my talk that night, I believe that I did not dwell enough on photography and I wish you had spoken up and requested it because I had every intention of doing so. I just got wound up on other aspects of the river and let the pictures go on their own which, after all, is perhaps the best way to do, but I shall be sorry if I disappointed any photographic group. With a strange audience, one does not know just where to dwell.

If there is anything I can do for you out this way, please don't hesitate to call on me, and I hope we will see you in Santa Fe before too long.

Again my thanks to you and Mrs. Eyewaters for your generous hospitality.

Very sincerely yours,
