Dear Mr. Coney:-

During the moving of my belongings from Colorado Springs, Colorado to Santa Fe, several things were damaged or broken. I have waited to be certain that I could cover all items before writing you as I have been low in getting everything unpacked. I have had much else to do in addition to getting settled. As I took out extra insurance for the move I trust that these items can be taken care of.

Repair to broken moulding on corner cupboard	\$
and also broken spindle on Morris chair	\$15.00
1 Indian bowl, large completely broken	5.00
2 plates from two different sets of fine	
china plates, irreplaceable and spoiling set.	10.00
	\$30.00

I trust that these values will be satisfactory. They really do not cover for the value of antiques is greatly impaired by breakage and repair, but I realize that full coverage on such values may not be taken care of by insurance companies.

Thanking you for your attention to this, I am

Very truly yours,
