Dear Mr. Fitzpatrick:

Your letter came while I was away and this is the first opportunity I have had to answer it. I am very disappointed that you are not going to use the Kodachrome. It seems to me that I remember speaking of Rosalie to you at the time I left the transparency with you. However, I appreciate your situation. I received your check for this same time ago, and I shall either return this to you or submit another transparency for your consideration.

Thank you very much.

Sincerely,
