Gentlemen:-

This is to inform you that my new book
THE RIO GRANDE- RIVER OF DESTINY will be out on
October 17th. There have already been a good many
notices of this during the past year as I had an
exhibition on Colorado Springs last November and there
was considerable publicity about both the exhibition
of the work contained in the book and the book itself
at that time. The Denver Post ran a full page of re-
productions. Then the Christian Science Monitor had
two reproduction on the Home Forum page, the Brown-
sville Herald, (Texas) had several articles, the Santa
Fe New Mexican has had several articles. None of those
you have caught. You also missed some good articles
about the TEMPLES IN YUCATAN.

I still have a good credit with you, and I hope
that you will get a good cover of this new book.

Very truly yours,
