

Oct. 5,

Dear Mr. Morgan:-

Your letter came yesterday and I am sending you herewith a set of six prints of my Colorado Springs show. You understand, I am sure, that there have been many changes since then. Title, composition, a number of additions, particularly in the last part. I have just talked to Hester Jones, here at the Museum and my prints will come down about Nov. 25th. Do you think Dec. 1st a good date, or would you rather hold over until January. I can get it to you easily by December 21st if you wish it then. It is booked later in next year, and I do hope that it can come to Texas first before it goes away from the river.

I have had several letters from Mr. Rogers about Cokesbury. What a wonderful store that must be. But as yet I have heard nothing from Cokesbury. Mr. Rogers seems to think that all dealings for the show or prints must come through Small, Sloan & Pearce, which is a mistake as they have nothing whatever to do with either. I shall be happy to furnish whatever duplicate prints Cokesbury would wish to show in connection with their publicity for the book. The show as such, I want quite apart from any one store. It is entitled to go out all over, which I do not think Mr. Rogers understands. He has been most generous in talking it up and I do appreciate his effort.

Of course, I shall be most happy to come to Dallas and if you really want me to "Say a few words" I shall be happy to do so. I gave a gallery talk at the Art Center in D.C. and only wished that the book was out at that time. Perhaps it would work best to come over and bring the prints and help you hang them if you wish me to and stay for the opening.

The prints are not booked yet from December 1st to March 1st. I have been holding this time open until I heard from you.

I have very busy days ahead and much to be done between now and Nov. 1st for the show here, so say nothing of the book coming out in ten days. I think I have worked out a way to show the book a winter glass here at the Museum and it may be possible that I will have glass available for the show. We can talk over these details later.

With the best of wishes, Sincerely
