Office of the County Assessor
El Paso County, Colorado

Dear Sir:

I have received from the tax office an assessment on my goods in storage which is at a considerably higher rate than I have paid for the past two years. All of these goods were taken from storage in Colorado Springs and brought here to Santa Fe, New Mexico in the first week of March this year.

Will you please notify me what your monthly rate is and see if there is not an error in this assessment.

Very truly yours,
