Dear Mrs. Williams:

Thank you very much for your very nice letter and order for the copy of RIO GRANDE. It went off to you this morning and I hope that you will like it. I wish I had a trip to Brownsville in prospect this winter, but I am afraid I don't see it at the present time. However, one never knows and I like to think of how well I know my way down the river.

The book seems to be going very well and I am getting alot of wonderful response from it. I hope Brownsville likes it and I hope that it will stimulate a desire to you people down there to come up this way.

With kindest regards to you and Mr. Williams.
