Dear Miss Gilpin:

We have received a letter from Miss Brenda Putnam asking who sent her fruit for Christmas. She also enclosed a self addressed card for us to answer. We are in a quandry as on the order blank you wrote "no card" and we therefore wanted to contact you before answering Miss Putnam. We would appreciate your dropping us a card concerning the matter.

We are terribly sorry that we did not have any kumquats this year. The freeze damage was quite severe and we, unable to obtain as many different kinds of fruit as we ordinarily would. We hope to have some again next year, however, as the fruit crop should be more normal.

Thanking you for your order and wishing you a Happy New Year, we remain

Sincerely yours,

MAXWELL'S GIFT FRUIT
