Dear Laura

Here are \$40 — and
since it is one of those hairbrained ideas
that I must get out of my system
I am prepared to pay for my folly —
so if and when more is needed please
notify me. Needless to say I am most
grateful to you — but at no time must
you spend time on this which isn't
fair — but only if it works in.

Goodall Fabrics for
which Dorothy Liebes works — removes
all lanolin and grease from their
wools — and after processing etc — restores
some form of lubricant — I am sure
the Indians take their straight

and I want the purest softest finest straight from the sheep
as possible — Wonder if a WIDE ROWS Indian would want to spin for me?
All back with EL RIO DEL ESTE NO — Yours,
Barbara
