Dear Laura,

We were thrilled to receive your wonderful book, which arrived a few days ago. Thank you ever so much for sending it to us.

I haven't begun to spend as much time reading and enjoying it as I should like to, but have looked at all the photographs and read parts of the text. I particularly liked the section dealing with New Mexico, perhaps because it is familiar and dear to me. Also I still get

pangs of nostalgia for N. Mex.
and good old Santa Fe.

Bob thinks your book is grand
and is very proud of you. He
shows it to callers and tells
them "Laura Selpin is my
cousin". He joins me in
thanking you for the gift.
It will be a treasured possession
to enjoy and to share with our
friends.

Best wishes from all of us,

Sincerely,

Ibelen Taylor
