The above proposition is based upon the understanding and agreement that the following stipulations are mutually agreed upon:
That you will accept an overrun or underrun of 10%; charge or credit to be made on a pro rata basis; the price of overrun or underrun in excess of 10% to be subject to special agreement;
That the price quoted above is based upon immediate production and that where cost of manufacture is increased or decreased before work is completed because of changes in labor scale, cost of materials, government regulation (Federal, State or City), or other causes beyond our control, the price shall be increased or decreased accordingly;
That finished work held after thirty days from completion is subject to a charge for care and keep;
That the fulfillment of this agreement shall be contingent upon labor difficulties, fires, accidents, government regulations, inability to get materials, or other causes beyond our control.
