

The Old Jackson Place McLean Fairfax County, Virginia

Tin Cup - in Almont Colorado

Aug 21 - 1950

Dear Laura,

First of all more thanks than I
can possibly say for the two perfectly
beautiful fugs that you chose and
sent us by Pat and Marie. I am afraid
that they were a trouble to you, for
I have taken them back with you. We
are really enchanted with the colours
and design and are most pleased to have
one made by a member of the historic
Shanty Club. They make me homesick
for the desert - By the way are these
both for us or is one for Nellie Tree?
If so, I think that she is out of
luck, for I don't think that we can
give one up - But again thank you.
We are horrified to hear of the
accident - aside from the very nasty
jolt, the expense is terrific - I do hope

R. G. 2. got the school
that the police make the boy take some
responsibility and work something off.
I am ~~ask~~ thankful, of course, that
neither of you was hurt and that the
cameras and films were apparently
unimpaired.

I wish that I could hear the story
of your trip and wish that that
all worked out well -

It was a most pleasant surprise to see Pat and Marie but I expect they told you that they sat all day waiting for us. We had gone out for an all day trip, not knowing that they were coming - But we did enjoy their company and hope that they reached your home for dinner -

Don't fool us about next spring. Kate
April is the best and we will drive you
over to see your pecky cañons in the
Valley. Don't worry + it

Will have Grad us both and Rusty to you
both - Will Betsy come in the Spring too?
Affectionately
I - ~~Carol~~ @ Carol
