Dear Miss Gilpin:

Princess Troubetzkoi was delighted with Lance's portrait, which he had sent her for her birthday.

Now we need a few more of the same picture for Christmas. Could you please make four large and 3 small prints (same sizes as before) and send them at your earliest convenience? I am enclosing the prove of the picture, which is marked #24.

I would also like a very large picture of the ranch. Helen is enclosing a letter in which she is explaining about this photograph.

Kindest regards to you  
and to Miss Foster.

Sincerely yours,

*Christy*
