

Feb. 24

Dear Miss Allen:-

Thank you for your letter. We had best set the April date. It isn't necessarily to appease my artistic soul, but I could not think of sending any sort of exhibit on RIOGRANDE without three Texas pictures, the mouth of the river, Santa Elena Canyon, and the Port of Brownsville. None of these do I have in duplicate. Still no paper, so I know that we must set the later date. Please let me know by what date you want the prints in your hands.

Hastily
