Mr. Jerry Bywaters,
Dallas Museum of Fine Arts,
Dallas, Texas.

Dear Jerry:-

A hurried note to tell you that I have just had a letter from Miss ALLEN about my prints. I sent her information long ago about the number and space required etc. Since she has seen the show, she writes that their space is very limited etc. and wants only the Texas prints. I am fundamentally opposed to showing only one section anywhere. The whole point of the show is educational. The whole can be cut down, but there must be some prints from each section. I have written to her with this mail, and until the matter is decided upon, will you please hold the prints there until I send you word? I hope my reasons to her will be understood for I would rather not show any prints, than to show only one section. It may be that a selected group from the whole, is what is needed down there with the facilities at hand. In this case, I would prefer to send duplicates and keep the prints on with you together and in tact, as they go soon to Santa Barbara and elsewhere.

I do hope that the show as a whole has been successful in Dallas. How many books did you sell?

My best wishes to all of you

Most sincerely
