Dear Miss Curtis:-

A little over a year ago, I had a letter from you with the enclosed check. I have been hoping ever since to get back into color printing but the completion and publication of my RIO GRANDE book, have kept me from it. Now, however, I see some opportunity ahead for time to get back into it.

To go way back in my account with you, I ordered at one time, Parts I & II of the Curtis Hand Book. It was my understanding that the \$7.00 I sent you was for that. I received Part II not too long ago but I have never received Part I. I am returning the check to you so that you may look into it further and see if it is I who owed this to you or you who owed it to me.

Also, in addition to the dyes etc. that I did get from you a year ago, I need the following:-

- 1 Color developer CB173
- 1 Clearing & Fixing CB117
- 1 Mixing No.45
- 1 8x10 slip sheet
- 1 11x14 slip sheet
- 1 jumbo clamp
- 1 copy Color Hand Book Part I.

If you will send these and check to see how we stand on accounts, please.

Very truly yours,
