Jan. 17

Mr. David Dow,
2710 Sewall St.,
Lincoln, Nebraska

Dear Mr. Dow:-

Mrs. McKibben has asked me to send you the enclosed proof. In fact I have been very long in sending this. The reason I have been hunting for another negative that seems to have gotten misplaced in my move to new quarters a few months ago. The one I cannot find is from Puye.

The enclosed proof may not be what you want as the mountains are somewhat under clouds. But this will show you the way I can bring the mountains up. I have long been intending to go up the Los Alamos Road to do some landscapes from the top of the hill. I imagine that this is what you want. If so, I will go up and do some new ones. I should be glad to have them anyway. The price on a first quality print would be \$10.00 mounted and ready for framing.

If you will kindly drop me a line as to just what you wish, I shall include it in another day's work.

Hoping that I may secure just what you wish, I am

Very truly yours,
