Dear Sirs:-

Please send me the # 94 Ivory Black size
8x10 Carbon Tissue and 8x10 Bromide paper aswell.
And the transfer paper. This will suffice for me
to familiarize myself with the process again.
The formula and instructions reached me the day
after my order went in to you. I am definately
intrested in the possibilities of the process
using the pan-reversible paper to print from color
transparances. Will you include in this order
the most recent issue of Carbon and Carbr printing.
I am interested in carbon lantern slides as well.

Very truly yours,

Order # 480
