

Box 1173

Santa Fe, N.M.

George Murphy, Inc.
57 E. 9th St
New York City

Dear Sirs:-

Under separate cover I am returning to you the No. 2 Cornell Lens Hood you sent me some weeks ago. Will you send me the No. 1 in its place. I am sorry to have been so long, but a busy Christmas season was the cause of the delay. The box was somewhat damaged when it arrived here. I have put some protecting cardboards on the outside, so I hope it will not meet further damage.

Will you please send me the following:-

- 1 Exacto Mat and Boyeller Knife Guide
with No 6 X acto knife
- list of monotone carbro materials and
also three color carbro.
- 1 64 oz enamel graduate
- 1 8 oz bottle Liquid Stainless Steel

Also will you please send me the formula for Johnson's Chlorquinol developer. I used to have it and liked the developer before the war. I sent to you for a bottle recently but there is no formula with it.

Very truly yours,
