Dear Mr. Ortega:-

Thank you very much for your letter of the 22nd. I have to-day finished a long letter to John Collier, Jr., and listed the items needing changing and correcting. As I heard nothing further from him, I assume that he is on his way to Nova Scotia and am somewhat fearful of reaching him in sufficient time. I have no address other than Taos, and have sent the letter and carbon copy of the article there to be forwarded. I do not know when you are scheduling this and I decided that it would be best to let him make the corrections and send them direct to you. I hope that we will both hear from him promptly.

I think I have all the past issues of the Review, and I thank you for your suggestion to send them.

Very sincerely yours,
