

Oct. 22, 1950

Mr. Joaquin Ortega,
New Mexico Quarterly Review,
Albuquerque, N.M.

Dear Mr. Ortega:-

It was indeed a pleasure to have a visit with you and your son, Saturday. I hope we did not make you late for your other appointments.

I enclose the questionnaire. I am uncertain of the date on an early article in the magazine Art & Archaeology and my only copy is packed away where it would be difficult to reach.

In thinking over the pictures to go with John Collier's article I truly think it would be best to use just the one smaller reproduction of the White Sands. Anything else would detract from it, and if the small plate is a good one, it should hold all the detail, and I truly think it would be best by itself.

Thanking you once more for your interest, I am

Very sincerely yours,
