Mr. John William Rogers,
Dallas, Texas.

Dear Mr. Rogers:-

The duplicate print of Mrs. Rogers was sent ten days or so ago and I have been meaning to drop you a line ever since. I hope it reached its destination safely.

A recent report from the publishers in New York is most encouraging. It looks as though RIO GRANDE will go to a second edition very soon. I hope you got out to the Museum to see the exhibition before it came down, January 15th. I did particularly want you to see the whole thing.

This brings my best wishes for the new year, a little late, but still--

Very sincerely yours,
