Gentlemen:-

While I was in New York last June I left some color transparencies with you for sale. As I have never heard anything atall from you since that time, and as I have another possible outlet particularly for the cat pictures, will you please return the whole lot. I am just too far away to have material suitable for your outlets, and I am sure that I can do better in this vicinity.

Thanking you for your interest, I am

Very truly yours,
