New York.

Dear Sirs:-

Under separate cover I am mailing you two 4x5 daylight Ektachrome, and three 8x10 Type B. Ektachrome, in the same box. The 4x5s are wrapped in a separate paper. This has been an extreme hurry job. I was only called yesterday afternoon for the entire job which is supposed to be in the hands of the editor of SEVENTEEN tomorrow! I have just finished the black and white material to go in. These exposures are of a child's doll house.

Will you process these as quickly as possible and deliver them direct to the editor, name and address below.

Sorry it is such a rush job, but they do happen. The 8x10 film is out dated, but was all I had or could get, and the editor requested 8x10. They are probably all right as film keeps longer in this dry climate, but if you process differently on out dated film, these are about 4 months over.

Thanking you, I am

Very truly yours,

DELIVER TO
Miss Mini Sheraton
Asst. Home Editor
