Dear Miss Gilpin:

May I take up again the correspondence started in December of last year, in the course of which I asked you for permission to show the Photographic Exhibit of The Rio Grande in the Roswell Museum.

Providing that it is at all available for exhibition purposes, we should be happy to present it to our public, probably in January, 1951.

Could you let us know, at your convenience, whether we may include the Rio Grande display in the next season's schedule.

TMM:HC

Very truly yours,

Thomas M. Messer
