Dear Laura:

Am shooting a note off to Dorothy McKibben with the details so far as the Museums meeting is concerned. I shall try to answer the questions which you have set.

I cannot be specific in everything as the final invitation and arrangements must be worked out with the President of the Association, George H. Edgell, Director of the Boston Museum of Fine Arts. However, I have been asked by Mr Edgell to go so far as finding the man we should extend the invitation to. Thus I am placed in the middle man's position. You might explain this to Dorothy in the event that you see her and she is not quite clear on my position in the matter. I shall try to give her a complete picture however, of my situation.

This is the national meeting of the American Museums Association which means that all the museums, scientific, historical, art etc. will be represented by their Directors or other personnel. In many cases, Directors do not come but send Registrars or other members of the staff. I think it should be a big occasion for us and it certainly will be so far as the Arts Center is concerned for this is the second time in the history of the Association that they have been west of the Mississippi river. Be sure to come to the meeting for I think it will be an interesting one. We intend to do a bang-up exhibition of Santos using the Taylor Museum and southwest galleries. Many thanks for all your help.

Greetings.

Sincerely yours,
