Miss Laura Gilpin
Box 1173
Santa Fe, New Mexico

Dear Miss Gilpin:

Thanks for your letter of June 29, advising that you are desirous of securing one-quarter pound of ferric oxalate which must be fresh.

We depend upon our regular photographic supply houses for the distribution of our chemicals, and we suggest that you contact The Camera Shop, 109 East San Francisco Street, your city. They act as our distributor for photographic chemicals in your city, and as ferric oxalate is unmailable, if they do not have the material in stock, they will be glad to order it for you to come forward with a freight shipment which they might be receiving from us.

We are very anxious to work with you in supplying your requirements of any items in our line in the most economical and convenient manner, and we shall look forward to serving you through the source indicated.

Sincerely yours,

MALLINCKRODT CHEMICAL WORKS
