Dear Miss Gilpin:

The Rio Grande photographs have been hung in our Main Gallery and Mr. Boylan has presented the show very handsomely. The attendance has been excellent and we are sure, will continue to be very popular.

Will you please let us know whether or not you sent the plaster letters. They did not accompany the photographs, so that if you sent them separately they have been delayed with the rail strike.

May we hear from you about this matter?

Very sincerely,

Mrs. Sin Christy

Executive Secretary.
