

February 21-1951

Dear Miss Kilfen

Your exhibition of photographs at the Arts Club is certainly one of the finest we have had this year. I like black & white much better than the color photographs.

I am interested in the photograph of the flowing river into the ocean - with the Confucious motto. It is not listed for sale. Is it possible to have a copy?

I hope you know my good friends "The Furdons" - archeologist in the museum.

Hoping to hear from you -
Good wishes
