Dear Laura:

Not knowing your address nor being able to find it in my Santa Fe phone book, I take a chance on your being so well known that this will reach you through the Museum in time.

My publisher has asked me if I can locate for him a "fine scenic photograph of New Mexico" that can be used as a jacket for my forthcoming book. They specify Ektachrome; not Kodachrome.

If you have something that looks like New Mexico and would be willing to send it along for their decision in Knopf's office, I'll be very grateful. Address

Herbert Weinstock
Alfred A. Knopf, Publisher,
501 Madison Avenue,
New York 22, N. Y.

and state your price.

Yours as ever

Erna
