

SHIP'S CABIN CLUB
ONE FRONT STREET
MARBLEHEAD
MASSACHUSETTS

March 25, 1951

Dear Laura, -

We enjoyed the "New Mexico
Quarterly" a great deal and the article
by Collier. It makes me homesick
for the West once more.

Isabella has been sick in the Hospital
(Johns Hopkins) for some time, but now she
is nearly well. She has been in Baltimore
for several weeks during the winter.
Bettie goes to school in Baltimore
also,

How goes the Narrative work? I hope it
goes well as there is much to write
about it and your pictures.

We will be here until May 1st and
then the go to Maine for the summer.
The weather here all winter has been
fine, not much cold weather at all.

I hope you are well. Remember us
to Bessie, A great deal of love from
us both

Affectionately

Donald
