Mr. Royce P. Buck
Graphic Arts Sales Division
Mallinckrodt Chemical Works
Saint Louis, Mo.

Dear Mr. Buck:-

On June 29th, I wrote to you ordering one-quarter pound of FRESH Ferric Oxalate, scales. You replied on July 5th requesting me to order the my local Camera Shop which I did immediately. After nearly three weeks, I requested Mr. Autry to wire you which he informs me he did last Friday. To date we have heard nothing from you. As this is holding me up on some work long over due, I should greatly appreciate hearing from you. I realize that this is a very small order, but it is urgently needed and I have not been able to get any of this chemical through chemical supply houses. Please advise either Mr. Autry or me just what we may expect.

Very truly yours,
