Mr. William Dickerson,
Wichita, Kansas.

Dear Bill:-

Just a line to tell you that the prints are packed and ready for the express company to-morrow. The shipment will contain three portfolios marked 1,2,&3 in order. Also each major section and part of each section are wrapped separately so you can easily divide them for your space. In a fourth package are the plaster letters. In a shipment by mail, I am sending a copy of the book, a set of prints of the Colorado Springs gallery just for an idea of how it will look, and also two prints of yours truly. One is yours, the other the one used on the jacket of the book. PLEASE don't let the paper use that awful thing from BOEING.

It will be great fun to see you all in Wichita again. It was nice of Tommy to come to see me last summer. I did appreciate it. Only sorry that mother and father didn't come too.

To-morrow we start the headache of moving. ^This time I hope it will be the last. But we have found a lovely place just suited to our needs with a fine separate bldg. for my work rooms which will be adequate for the first time. The address 1031 San Acacio for your next visit this way, but my P.O.Box remains the same.

If there is any information you need just drop a line. Leave out what prints you need to for your space and I trust your judgement as to which, you may not have room for the whole 142 plus the maps etc.

Hastily
