Dear Mrs. Eastman:-

I will be giving up the house on November first. I have found a place which I am leasing for a year with an option to buy and am more than anxious to get myself permanently settled. We have greatly enjoyed living in your house and I assure you that we will leave it in far better condition than when we came March 1st 1949.

I know someone who is looking for an unfurnished house in this neighborhood and will be very glad to send her on to you, and I hope that I may provide you with a new tenant.

Very truly yours,
