Dear Jeff:-

I find that I have not only one savings account with you, but two. At least here are two books. It would be very pleasant to find that I really had the \$200. in this second account. In any event, will you be so kind as to close out both accounts and send me a check for whatever the balance is?

It was nice to have a glimpse of you last week, and I hope that sometime you will show up down here.

With best wishes and many thanks, I am

Sincerely
