

Sunday.

Dear Mrs. Henbest:-

Your letter was tucked under my door when I returned last evening from a trip to Taos. It reached here at 3.P.M. Pretty Quick. I hope this goes back as quickly.

The prints went off to you Friday Morning and the Express agent seemed certain that they would reach you in good time. As I did not have the address of the Arts Club and as Mr. Henbest did not say to send the prints there, I sent them to your home. I shall await word anxiously that they reached you in good time. There are two portfolios. I have sent fifty one prints of the RIO GRANDE, twenty of YUCATAN and fourteen miscellaneous subjects. The last group includes the Navaho Family Mr. Henbest requested, but I regret to say that Ranchos of Taos Church is not among these. Not long ago I sold one print. I know I had another but when I looked at it, I decided it was not a good print and I just didn't have time to make another. However, if I possibly can, I shall make one in the next day or two and send it on. Sometimes I have difficulty in getting a satisfactory print of that negative, and I hope I can squeeze in the time on it, but I am way behind with work, and at this moment I cannot promise it. I hope, too, that my selection will be satisfactory. It seemed to me that as long as you could show only a part of the Rio Grande, I should make the other groups large enough so they wouldn't look just tacked on, and I hope that whole will make a show to your liking. While there are a few of the early Yucatan prints which were shown long ago at the Library of Congress, the balance of the Yucatan group with the exception of two, have never been shown anywhere. Also, a number of the miscellaneous group have been shown.

I do appreciate your asking for a list of people to invite. There are a few which I enclose on a separate sheet. I do particularly want Mr. Putnam and his daughter Mrs. O'Hara. Mr. Putnam's other daughter Brenda is one of my very good friends.

Please excuse this badly written and hurried letter, but I want to get it off at once.

Wishing that I might be with you on the 18th, and thanking you for your interest and trouble

Most sincerely

Arlington, Va.

Mr. & Mrs. Fred Thomas,
Sandy Spring, Maryland

Dr & Mrs. Charles C. Tumbleson,
Sandy Spring, Maryland.

The Colorado and New Mexico Senators I have just met, only.
It would be very nice if they came, but knowing their busy
lives I should doubt it.

I have many relatives in and about Washington. I am related
on one side of my family or the other to all the old timers
in the Sandy Spring area, and some of my Gilpin cousins
(Allen, too) are not far away and just might show up.
