Mrs. Mary Carington Nicholas,
The Roswell Museum
Roswell, N.M.

Dear Mrs. Nicholas:-

Your letter came shortly after I mailed a letter to Mr. Horgan. I am only thankful that I wired you about sending down the prints, or I should have been in a worse fix. It is all straightened out now and I can take care of the Washington show which will be smaller, with duplicate prints and a few additions which I shall now have time to prepare.

I appreciate very much your kind invitation for Feb. 19th. I shall be very happy to come down and if you have room for me, I shall be most happy to stay with you. I will make an early start so that I can drive down in good time.

Instead of bringing the prints down as I suggested in my letter to Mr. Horgan, I shall express them down to reach you not later than January 28th. I can send them earlier if you wish. Will you let me know if you will want the plaster letters? The prints are packed in three shipping cases and the letters in a separate package. I have not unpacked them since they came back from California but I presume that they are alright.

I am looking forward with much pleasure to meeting all of you and seeing your museum.

Cordially
