Dear Dirs:-

You still have two color transparencies on which I have had no repmt since Feb. 1950. Will you please return these to me at your earliest convenience, as I have a call now for such subject matter.

I regret that you have not made any sales on the few things I left with you two years ago. You returned four on Feb. 23, 1950 advising me that two were still in circulation and that you would return them when they came back. Surely this must have taken place by now.

Very truly yours,
