Dr. & Mrs. E. Sphon,
301 Longwood,
Huntsville, Alabama.

Dear Dr. & Mrs. Sphon:

Your letter has just come and I am sending you herewith three sets of postcards of Indian Pueblos. Prints would have to be made if you wish original prints. The prices vary from \$5. to \$15. depending on the individual photograph.

May I ask if you have seen two books of mine, one an early one THE PUEBLOS, A CAMERA CHRONICLE, which contains some of these same pictures as the post cards, and many more, the other book published a year ago THE RIO GRANDE, RIVER OF DESTINY. This is a much larger and more pretentious book covering the whole length of the river with the varied life all along the valleys. The first sells for \$3. (Hastings House. Pub.) the Rio \$6. (Duell, Sloan & Pearce). I could send you either one as I have a few copies on hand. There is ample authentic text in each book.

I shall be very happy to send you anything you may wish, but other than the books and the cards, I have no printed list of pictures or reproductions.

Hoping that you will find something of interest to you in the above mentioned selection, I am

Very truly yours,
