Dear Mr. Weinstock:-

I have been hoping to hear from you regarding the transparencies I sent to you on April 29th. I hope that one of those was suitable for your jacket. Since I made these transparencies we have had almost continual dusty and windy weather and overcast, and as I understood that you had a very near dead line on this and not hearing from you I have not made any more. As it is I have been held up five days running on another assignment due to this "most unusual" weather, which it really is, for normally May is a beautiful month.

If you wish me to do anything further, may I hear from you?

Very Sincerely yours,
