

MRS. LLOYD GEORGE HENBEST

2229 BANCROFT PLACE, N. W. WASHINGTON, D. C.

Feb. 9, 1951.

Dear Miss Gilpin:

We are ~~very~~ indeed that you will not be here for the tea at the Arts Club on Feb. 18th which opens your exhibition.

We have invited many who will be interested in your art and the country represented in your pictures; and we would like to know of any persons and "personages" here and in nearby Virginia and Maryland whom you would like to have invited. In particular we should like to invite any Representative or Senator from the states of the Rio Grande whom you

may know or may think should
be asked.

Last evening we saw Dr. & Mrs.
Luther Evans (Librarian of Congress) at
the Club and they are interested in
coming if their schedules will per-
mit. They are Texans.

Am sorry to be asking for in-
formation so late so that I must
request a special delivery air-mail
reply.

We hope all goes well for you.

Our best regards

Sunny Rose Henbest
