Santa Fe, New Mexico

Dear Miss Gilpin,

Thank you very much for your letter and print order. Mr. Atkinson is out of town at present and I will attempt to answer his letters.

We have examined the transparencies and think that they will make very satisfactory prints.

You have asked about sending you separation negative and matrices. These are made by special equipment designed for our use and do not think that you would have satisfactory prints if you attempted to use them in any other way. However, I will take this up with Mr. Atkinson on his return and if he thinks otherwise he will advise you.

We are enclosing a bill for the prints, including your 20% discount.

Sincerely yours,

Elsie Jerina
