

The ROSWELL MUSEUM

ROSWELL, NEW MEXICO

January 11, 1951

Miss Laura Gilpin
Box 1173
Santa Fe, New Mexico.

Dear Miss Gilpin:

We are delighted that you will be able to come to the Museum and to talk informally on your photographs of the Rio Grande at 7:30 on the evening of February 19th. Mr. Horgan will introduce you, and we on the Staff of the Museum are looking forward to this event with a great deal of anticipation. I shall also look forward with pleasure to having you stay at my home during your visit in Roswell.

Thank you for suggesting the plaster letters, but as we have adobe walls, we always make our own labels on small cards and hang them in a slight groove in the walls; we cannot use anything large or heavy. Therefore, we shall not be able to use the letters, but we do appreciate your thoughtfulness.

I should also like to know whether or not the prints are matted. I feel reasonably sure they are, but would like a confirmation.

We would like to receive the exhibition not later than January 28th. If it is not too inconvenient we would greatly appreciate a list of the titles on what is coming, so that we can write up the labels. However, if the exhibit reaches us by the 28th we shall have ample time to make them up, in the event you do not have a list,

Sincerely,

Mary Carrington Nicholas
