CHICAGO BRIDGE & IRON COMPANY

332 SOUTH MICHIGAN AVENUE

CHICAGO 4, ILLINOIS

January 15, 1951

Mr. H. D. Walters
c/o Highway Department
Santa Fe, New Mexico

Dear Mr. Walters:

We understand from Annie G. Robinson, Postmaster at Glorieta, New Mexico, that you do commercial photographic work. Please advise what size negative you are equipped to make. Also, what you would charge to make and surrender to us one negative and proof print of the 500,000-gallon water tank we built recently at Glorieta, New Mexico.

We would not be interested in having the view made until after the structure is completed and painted and all construction debris has been removed from the tank site. We prefer 8 x 10 negatives.

Very truly yours,

CHICAGO BRIDGE & IRON COMPANY
