Dear Photographer:

We are happy to enclose a check covering monies due you.

It will help make our mutual relationship an increasingly profitable one if you will:

- A. send to us as much stock material as you can, especially color, for presentation and sale to our clients.
- B. keep us advised of subjects for possible picture stories in your locality for which we may obtain assignments for you.
- C. keep us advised of additions to your facilities or equipment which may guide us in funneling assignments your way.

Please do not hesitate to write us at all times regarding any questions that may come up regarding our mutual relationship.

Since it is our object to make FPG the most effective possible clearing-house of U.S. photographic talent and material, we'll appreciate your referring to us other talented photographic specialists who are interested in national outlets for their work and material.

With best wishes and hopes for a continuing profitable relationship.

Cordially yours,
FPG, Inc.
