Mr. Raymond Carlson, Editor
ARIZONA HIGHWAYS.
Phoenix, Arizona.

Dear Mr. Carlson:-

Here is another batch of miscellaneous transparencies. You will be amused at the "RoundUp". I went up to this ranch expecting not less than a thousand head and found about twenty five! (My father was an early time Colorado cattleman!) But this turned into a nice picture even with so few cattle. Also thought you might be interested in the new calf holder in action.

I expect to go over Zuni way in the next few weeks and will make a special set for your consideration. In the meantime I hope there will be a few of these that will fit in with something for you.

With best wishes, I am

Sincerely yours,

Arizona Highways.
