Mr. John Crosby
Box 195
Bronxville, N.Y.

Dear Mr. Crosby:-

I am extremely sorry that I am late with your prints. As you know I am working on a Havana book and I had a sudden call to go out on the reservation for some special work. Returned just a few days ago. Your prints are underway and I hope to ship them in the next few days.

I failed to write down that I had said I would get them off to you by Nov. 1st. and was under the impression that the one place that there was hurry was in getting the negatives made before you closed the house. I am sorry.

A short time ago, I had an air job to do in this area and I circled your house and have two views which should give your location well I hope. I am including them in the albums and if you don't like them I will replace them with something else next spring.

I hope all goes well with you,

Most sincerely yours,
