Mr. Pirkle Jones,
2279 40th St.
San Francisco, Calif.

Dear Mr. Jones:-

When Ansel Adams was here last fall, he told me of the very excellent negative spotting done by Mr. Aram Dildilian. He could not remember Mr. Dildilian's street number and gave me your name and address as you would know it. Would you be so kind as to fill in the number on the enclosed letter and drop it in the mail?

Thank you very much indeed.

Very truly yours,
