Mr. Everett Kapp,
Lawrence Photo Supply Co.,
Wichita, Kansas.

Dear Everett:-

I had a serious accident to my Reis tripod, one I got from you during the war. I need another as soon as possible. Just the tripod not the head, a Model "B", No. B500 in your catalogue. I take it that the extension legs come separately. If this is correct, I want them ofcourse. I do hope you have one in stock as I shall be leaving on a work trip next week.

Enclosed please find my check covering the balance now due you.

I find I need also two new 8x10 cut film holders (Ansco Com. View).

Very truly yours,
